**Keep for future
reference**

- All applicants must remit a non-refundable check/money order for \$20 to be cashed upon receipt and processing of your application.
- All applications are sent to a jury to determine acceptance into the show. Past participation does not guarantee entry. The competition changes every year, so vendors should keep their product fresh. A limited number of exhibitors are accepted in each category.
- The jury cannot physically examine all vendor products, so they must rely on photos. Send quality photos on photo paper that represent all work to be sold. There are six required photos. Please do not send any additional photos.
 1. A photo of the vendor booth. Make sure it shows a great presentation.
 2. A second photo of the booth, different than the first, that also shows a quality presentation.
 3. A photo of YOU working in your studio, home, garage, etc.. We know it may be messy; we don't care. We want to see YOU in action. If you create your product in multiple stages, you may want to submit a photo page of the stages (thumb nails, but not so many that they are too small) i.e. If you create your own clay beads for your jewelry, show the process.
 4. A photo of vendor product.
 5. A second, but different, photo of product.
 6. A third, and different, photo of product.
- Photos will not be returned and are used during the show to compare product submitted to the jury with product being sold.
- There is no rain date for the event.
- Layout is determined by the Event Committee.
- Spaces are 13 ft wide and 10 ft deep. All parts of the vendor's tent, product, product storage, etc. must be contained within this area.
- Vendors may rent two spaces, and must submit payment for both with the application.
- Vendors may not "rent" their space, or any part of it, to anyone else. Only the artist that submitted the entry may display and sell at the show. Do not bring the products of others to sell for them.
- Electrical hook ups are **NOT** available in the craft area. Vendors may use "silent" generators.
- Security is provided on Thursday and Friday nights. However, the Aiken Chamber of Commerce is not responsible for loss or damage for any reason.
- This is an outdoor show and no vehicles or trailers are allowed in the show area. Vendors will not have immediate access to their vehicle or trailer.
- Parking is available outside of the show area on any public street in any legal parking space. Vendors must follow all posted parking rules and regulations to avoid receiving a ticket or being towed. Street barricades are not to be moved.
- Space assignments will be given at registration on Thursday evening. Set up begins afterwards. All vendors must be ready for customers by 8 a.m. each day.
- Late registration is Friday morning at 7 a.m. at the show's Information Booth located on the corner of Park Avenue and York Street.
- Unfortunately, we do not have the staff to offer vendors a break from their booth. Vendors should work with each other for booth coverage.
- Failure to comply with the rules, disorderly conduct, or verbal abuse by any vendor or assistant will result in immediate expulsion from the show.
- Refunds are not given for any reason. (Rain, illness, time conflict, etc.)
- Notice of acceptance/denial will be mailed by March 31, 2021.

Please do not apply to Aiken's Makin' if you wish to sell any of the following:

- Imports and mass produced items, buy-sell items, or any item not made by the submitting vendor
- Commercially molded pottery, sculpture, or jewelry
- Items made from kits or assembled from pre-manufactured components
- Work produced by anyone other than the submitting vendor
- Unlimited offset reproductions of paintings, drawings, prints, or photographs
- Products represented by mail order companies, such as baskets or embroidery items

Checklist for Aiken's Makin' Craft Vendor Applicants

Special Notice

The Aiken's Makin' Show offers the opportunity to purchase a *corner* or *end cap* space. The sample map below shows how the *end cap* looks. With the new "turn-around" layout we can offer additional corner/end cap locations in the center of the block.

Here are the rules:

- Vendors purchasing **two** spaces will be considered first for an *end cap* placement. The request does not assure applicant of placement. There are limited *end caps* available. If you are applying for a single space and would like to be considered for *end cap* placement, please mark your application accordingly. Double spaces will be given preference for *end cap* availability.
- To be considered for an *end cap*, the applicant should complete the Aiken's Makin' application and all attachments and submit a check for the spaces to be purchased (do not include the fee for the end cap in this check in case you are not selected to receive end cap placement, we can just return the second check).
- If you are applying for two spaces and want to be considered for an end cap, your checks should total \$650. A second check for the difference between your first check and \$650 should also be submitted. If you are only applying for one space and want to be considered for an end cap, your checks should total \$325. If not selected to receive an *end cap*, the second check will be returned to the vendor with the event notification.
- The *end cap* will measure 20 feet across the back and front of the booth and be 13 feet deep. All products, materials, and storage must be contained within this space. Single space end cap will measure 10' x 13' with the option to be open on two sides. If a vendor is chosen to receive an *end cap*, they can choose to have their booth open across the front and put walls on the sides, or they can keep their booth open on three sides of their display, so shoppers can access their product from all three sides.
- The *end caps* will be assigned by the Aiken's Makin' jury.

Please feel free to email or call Dianne Phillips at dphillips@aikenchamber.net or 803.645.0169 with any questions regarding this feature.
